

Connect your Wi-Fi device to the Mobile HotSpot

1. Power on the Mobile HotSpot.
2. On your computer or other Wi-Fi enabled device, search for available Wi-Fi networks and select network name (SSID) located on the equipment bag.
 - **Note:** Wi-Fi name (SSID) and Wi-Fi Password are located on the equipment bag.
 - From a Windows PC: Left-click **Wireless Network Connection** on the task bar to view available networks. View Available Networks. Choose the SSID from the list of available networks.
 - From a Mac computer: Select System Preferences ->Network -> Airport. Click "Advanced" to choose SSID from the list of available networks.
 - From an iOS device: Settings -> Wi-Fi. Choose SSID from the available networks.
 - From an Android device: Settings -> Wi-Fi settings. Choose the SSID from the available networks.
3. Enter password located on equipment bag and click **OK**.

Use the WPS

If your Wi-Fi device supports WPS, you do not have to input the password manually after WPS connection has been established. Please follow the following steps:

1. Power on the Mobile Hotspot and enable the Wi-Fi function.
2. Press and hold the WPS key on your device for more than 3 seconds to start Wi-Fi Protected Setup authentication process.
3. Enable the WPS function on your Wi-Fi device in order to respond to this authentication process.
4. Follow the system prompts on your Wi-Fi device to finish the connection.
5. If no Wi-Fi device is connected within 2 minutes, WPS function will automatically close.

Charge the Mobile HotSpot

There are two ways to charge the Mobile HotSpot:

1. Charge with a USB adapter

Connect a USB cable between the device and the head of the adapter and plug it into a power socket to start charging.

When the device is powered off, it takes about 3 hours before being fully charged.

2. Charge through connection to computer using USB cable

You can also charge the device by connecting it to a PC with the USB cable.

When the device is powered off, it takes about 4 hours to complete charging.

Note: When red battery indicator flashes, device should be charged in order to protect the battery.

Usage Questions or Problems

The HotSpot will come with instructions. However, if you are in need of assistance, the reference staff is available in the Reference Department or by phoning 814-536-5131 ext. 210

Please return any non-working device within 24 hours (or by end of next business day) of the lease date for a full refund.

Mobile HotSpot Lending Program

Cambria County Library is delighted to offer Mobile Internet Access

T-Mobile®
HotSpot™

The Library

HotSpot Lending Program

The Library HotSpot Lending Program is designed to provide a means for library patrons to access high-speed Internet service.

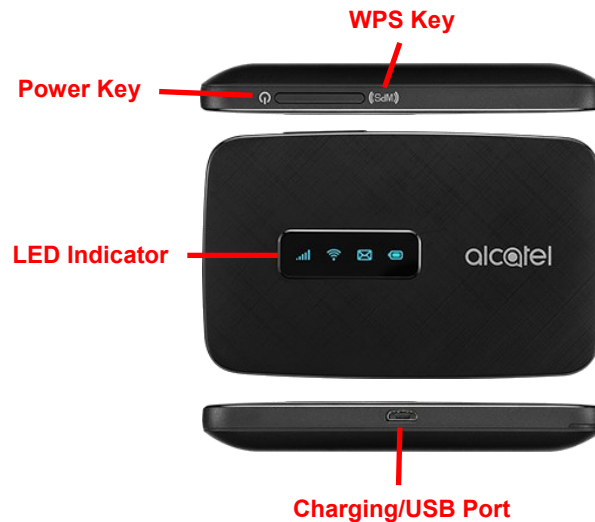

The Library HotSpot Lending Program allows library card holders to access high-speed Internet service anywhere a T-Mobile cell phone signal can be received. This means a Library HotSpot will allow you to connect your devices (up to 15 at a time including desktops, laptops, tablets, smartphones, etc.) to INTERNET!

| Rental Time Frame | Cost |
|---|----------------------|
| 7 Days (Minimum) | \$10.00* |
| \$1.00 per calendar day after first 7 | \$11.00* to \$30.00* |
| 28 Days (Maximum) | \$31.00* |
| *Plus applicable sales tax There is no refund for early HotSpot device return. | |

How to Borrow

- ◆ Come to the Cambria County Library Reference Department with your library card and government issued I.D. Note: A valid library card is in your name with less than \$5.00 in fines.
- ◆ Must be an adult aged 18 or older.
- ◆ You may have one (1) check-out per household.
- ◆ Choose a Rental Time Frame. A minimum of 7 days up to 28 days usage, (no renewals). The device will not work beyond the chosen lease time.
- ◆ First time rentals will be limited to 7 days and must be paid in cash. The HotSpot may be returned by end of next business day for full refund if T-Mobile service is insufficient. Visit opensignal.org to see how service is in your area.

- ◆ Read and agree to T-Mobile's acceptable use policy which prohibits pirating, illegal downloads, viewing child pornography, etc.
- ◆ The HotSpot may only be used in the continental United States.
- ◆ You can reserve a HotSpot through the Library online public access catalog (OPAC) the same way that library materials are placed on reserve. Access the Cambria County Library catalog at <http://cambria.sparkpa.org>. You will be contacted when a HotSpot is available.
- ◆ The HotSpot must be returned to staff at the CCL Reference Department (do not put the device in a book drop).
- ◆ After you return a HotSpot device, you can get back on the reserve list to rent again. The Library has limited HotSpots available, so reservations will be filled in the order they are received.
- ◆ Late Fees: \$2.00 per day late fee will be applied up to \$50.00. After 7 days your Library account will be blocked and replacement fees will be assessed. The fees are outlined in your lease.
- ◆ You are responsible for all materials associated with the Library Hotspot and will be expected to pay for the loss or damage to a device or components.

LED Description

| Part | Description |
|---------------------|---|
| Power key | Hold the "Power" key for 3 seconds to power the device on/ off. |
| WPS key | Hold "WPS" key for 3 seconds to activate the WPS function. Once activated, the Wi-Fi LED indicator will flash every two seconds. If the network is not accessed within 2 minutes device will automatically exit WPS mode. |
| LED indicators | Displays signal, Wi-Fi, SMS, and battery charge status. |
| Charging / USB Port | Use the USB jack to charge your device and connect your device to the client via the USB cable. |
| Reboot | Hold "Power" key for 10 seconds to restart device. |

Indicators

When the HotSpot is powered on, the following icons will illuminate. For a description of the icons, please refer to the table below:

| | LED | Description |
|---|-----------------------|---|
| Network Indicator  | Solid Blue | Registered and connected to network. |
| | Flashing Blue | Network disconnected. |
| | Solid Red | No network, no SIM card or SIM card error, limited or no service. |
| Wi-Fi  | Solid Blue | Wi-Fi is active. |
| SMS  | Solid Blue | New message |
| | Flashing Blue | Message inbox is full. |
| Battery  | Rapidly Flashing Blue | Working. |
| | Rapidly Flashing Blue | The battery is being charged. |
| | Solid Blue | Full charged. |
| | Flashing Red | The battery level is less than 10%. |

Power saving mode:

If no keys are pressed for 30 seconds, all LED lights will automatically dim with the exception Signal and Wi-Fi LED indicators. LED indicators will remain lit when the USB cable is used to charge the device or if any key is pressed.
